

DETROIT WAS SHUT OUT

Had no Show Against Pitcher Brown

CHICAGO 3 AND DETROIT 0

Summers Was Hit Hard and Gave Way to Winter in Ninth—Cobb Made a Bad Muff in the Same Inning.

Detroit, Oct. 14.—With Mordecai Brown pitching winders around them, the Detroit Tigers didn't have a chance to win yesterday's game for the base ball championship of the world, and Chicago now leads three games to one. The score yesterday was 3 to 0. Summers was opposed to Brown in the box and was hit hard, giving way to Winter in the ninth after being replaced at the bat in the eighth by Jones.

The home team was helpless when the pinch came. Once in the first inning Detroit had Crawford on third, whence he had gone on a two-bagger and an error by Kling, but the best Cobb could do was to hit Tinker and go out at first for the side out. Again in the fourth, O'Leary opened with a single, followed by Crawford with another, and then couldn't get a man around. Cobb's hit went to Brown, who headed O'Leary off at third. Then Crawford got too far off second and was nipped by Kling's throw to Tinker. Rossman ended by striking out.

Summers was his own chief enemy, and his wildness in the third inning contributed to his defeat. With two down in that inning Summers passed both Schulte and Chance. Steinfield followed with a single, which scored Schulte and Hoffman smashed another single, which brought in Chance. Tinker rapped O'Leary and was out at first.

Chicago kept on hitting Summers at intervals, but didn't manage to get a

man around until the ninth, when, aided by a muff by Cobb, the third and last tally was made. The fifth, however, looked like some scores. Schulte's smash in that inning was too hot for Schaefer and Chance's punt went safe. Steinfield sacrificed. Hoffman fled out to McIntyre and Coughlin fielded Tinker's hard rap to first, thus pulling Summers out of a bad hole.

Winter pitched the ninth inning for Detroit and the first two batters fled out, Brown to O'Leary and Schaefer to Schaefer. Evers worked in a single and stole second. Then Winter passed Schulte. Captain Chance then hit to Cobb, who muffed, and Evers scored. Schulte tried for the plate and was thrown out, Schaefer to Schmidt. Detroit went out in its half of the ninth.

BRYAN'S CASE DOUBTFUL

He Can be Elected Only by a Landslide

THIS IS THE SITUATION

As Seen from Washington—A Survey of Several Doubtful Sections—The Real Campaign in New York Has But Just Opened.

President Roosevelt in Washington, for a week or more has been holding conferences with political leaders from all parts of the country, and as a result of these has concluded that nothing but a landslide can elect Bryan, and so far as can be observed, there are no definite indications of any such disturbance. Most of the so-called doubtful states are turning towards Taft.

A special correspondent in Nebraska finds that Colonel Bryan still is the "peerless leader" as far as his neighbors are concerned, for many of them journey daily to Fairview, and always receive a cordial welcome.

Both the leading candidates are again busy on the stump, and each is speaking in his home state.

The real campaign in New York has opened now that Governor Hughes has returned. He spoke at Elmira Monday evening, and declares the campaign is no question of men, but asks his opponent what he will do about the race track question if he be elected.

Meanwhile Lieutenant Governor Chandler speaks at Watertown, and sharply criticizes his Republican antagonist for his remarks in relation to the vote of the "crooks."

Rhode Island Republicans will hold the state convention in Providence to-day and probably will nominate Pophier and Dennis as candidates respectively for governor and lieutenant governor.

The Boston Transcript's special correspondent, "Lincoln," is investigating the general political field, and his first special comes from New York state, where he finds that Governor Hughes' election is somewhat in doubt owing to the opposition of the "sporting" element and a somewhat unfriendly feeling among the financiers; it seems clear, however, that the electoral ticket in the state will be successful.

NEW YORK REGISTRATION DROPS.

In Spite of Increase of Population, It Is 6,789 Below That of 1904.

New York, Oct. 14.—With all the efforts of the political leaders of the various parties exerted to bring out a large registration on yesterday, the fourth and last day of registration in New York city, the apathy or whatever it was that caused the falling off in registration figures on the first three days continued up to the closing of the lists. When the final figures, with but nine election districts missing, became available it was seen that, despite the admittedly large growth in the population since 1904, the total registration for the greater city was not only not up to the mark of the last presidential year but 6,789 below it. The totals for the four days in the thirty-five assembly districts in Manhattan and the Bronx—three election districts missing—were 370,674, compared with 390,691 for 1904. In Brooklyn the figures for the fourth day were 51,974, which brought the grand total to 249,668, an increase of 2,725 over the four days aggregate for 1904. The totals for Richmond for the four days were 15,870, which is a gain of 716 over the figures of four years ago, while in Queens the aggregate, with five districts still to be heard from is 45,518, a gain over 1904 of 9,919. The gain in the outlying districts was not equalled in Manhattan and the Bronx, however.

Wants Kohlhaas to Give Names.

New York, Oct. 14.—Chairman Hud-

speth said yesterday, referring to the reported statement of H. H. Kohlhaas of Chicago to the effect that there are three Democratic editors in the country who are supporting Bryan in their papers, but do not wish to see him elected, and that one of these is a member of the Democratic executive committee.

"I challenge Mr. Kohlhaas to give the names of these editors or to name the member of the executive committee. Mr. Kohlhaas has come under the hypnotic influence of the White House. It is rather singular that all these reports about disaffected Democrats come out of Washington."

Thinks Registration Shows 30,000 Fraud Vote.

New York, Oct. 14.—Chairman Hor-

bert Parsons of the New York Repub-

lican party, yesterday said that the registration figures showed a fraud vote of 30,000.

JACOBSON SAID TO BE ALIEN.

If True, Governor Johnson Will Have

Little Trouble in Minnesota.

New York, Oct. 14.—A special to The

Times from Minneapolis says Governor

John A. Johnson will have little oppo-

sition in his third race for the govern-

orship of Minnesota if a report from

Madison, Minn., the home of Jacob F.

Jacobson, his Republican opponent, is

true. It is asserted that Mr. Jacobson

is not a citizen of the United States

and therefore ineligible for the office.

Mr. Jacobson was born in Hjelmsland

Norway, in 1849. He came with his

parents to America in 1857, and they

settled in Fayette county, Iowa. The

father, John E. Fore, died there in 1875.

The present candidate and his brothers

had moved to Minneapolis, taking the

name of Jacobson from their father's

first name. Inquiry made in Fayette

county has disclosed no record that

Jacob F. Fore was ever naturalized. If

he failed to take out papers then it

was necessary for his sons to do so.

This Jacob F. Jacobson has never done.

SPLIT OVER GOMPERS.

Now Steel Workers Won't Stand for His

Politics.

Terre Haute, Ind., Oct. 14.—Highland

Lodge, Amalgamated Iron and Steel

Workers, by a practically unanimous

vote, has withdrawn from the Central

Labor Union because the central body

had decided to be sponsor for a Gompers

meeting here next Saturday, arranged by

the Democratic national committee.

Michael Casey, one of the steel work-

ers' delegates to the Central Union, was

elected vice-president, but refused the

office, saying it was given to him, as a

Republican, to placate Republicans.

Philip Davis was expelled as a vice-

president because he was friendly with

the Republican county chairman. Re-

recording Secretary Ingram was also dropped.
